

Car & General Kenyans for Kenya Effort Raises 46k

On Tuesday, August 2, 2011, all Car & General employees decided to forfeit lunch and instead donate to the Kenyans for Kenya initiative. At the end of it all, it was amazing as 46,000 shillings was raised!

The initiative (an inception of some corporate organizations and the media) is to raise Ksh 500 milion to feed 3.5 million Kenyans facing starvation.

Thanks to all C&G members for showing that you care for the needy in society!
